AÇAÍ BAR

Great for fitness studios or a morning meeting! Our açai bar starts with organic açai berry puree which creates a treat that is naturally sweet, nutritious, and refreshing. Served family style and comes standard with fresh pineapple, mango, shaved coconut, granola, and dried cherries.

\$8/PERSON

[Additional fruit and toppings may be requested for extra charge and are subject to availability.]

Açai berries hail from the forests of the Amazon in Brazil. The antioxidant properties of the açai berry exceed that of the blueberry and blackberry and they are packed with flavonoids, anthocyanin and amino acids.
